

CCLCF YOUTH CAMP HEALTH & SAFETY PROTOCOLS

The Community Center of La Cañada Flintridge (CCLCF) follows a [COVID-19 Health and Safety Plan](#) which includes our summer Camp. Our safety protocols are in line with mandates from the CDC and our State and County Health Departments. We ask that the families adhere to these mandates to insure a successful summer! Here are some details about what we are doing to keep our Campers safe:

Employee and Counselor Wellness:

- All employees, participants and visitors at CCLCF are required to wear a mask that always covers their nose and mouth.
- All Camp Counselors & Instructors are required to wear masks and will undergo wellness checks prior to Camp each day including symptom, exposure and temperature checks.
- All staff will be constantly disinfecting the camp environment throughout the day. This will include high-touch areas and equipment.
- Bathrooms, handwashing sinks, and hand sanitizer are readily accessible throughout the Center.
- Physical distancing is always required.

Camper Wellness:

- All Campers are required to wear face coverings whenever possible during Camp. This will be actively enforced by Counselors & Instructors.
- Campers will be divided into cohorts and will remain with the same group and Counselor throughout the day.
- Sharing items is restricted or limited whenever possible. Any shared items will be disinfected between uses.
- Please apply sunscreen to your child prior to camp and pack their own sunscreen with them every day.
- Food will not be provided. Campers must bring their own lunch; snacks and a water bottle each day.
- Sharing of food is not allowed.
- Games, activities and exercises have been modified to adhere to physical distancing whenever possible. This includes floor markers, individual craft kits, and athletic equipment.

Dropoff & Pick-Up:

- We ask that all families “drive-thru” and remain in their cars to drop off their campers each day. A staff member will greet them at the entrance to sign them in.
- Staff will be screening all campers for symptoms and temperature at sign in. If your child or anyone in your household is sick, please refrain from bringing your child to camp.
- If your child shows or communicates any symptoms of illness while at camp, office staff will safely isolate the child and contact you to pick them up.
- Parents can use the drive-thru to pick up their child or park and pick up their child up at their designated camp cohort location.
